WHO WE ARE

GT Forklifts Pty. Ltd is the place to come for your new forklift requirements. Our range includes diesel, LPG and electric forklifts and materials handling equipment for sale, rental and lease.

GT Forklifts import and distribute a complete range of forklifts directly from overseas manufacturers. All equipment is manufactured to meet or exceed both European (CE) and Australian Standards. Industry leading safety features and a complete range of options are available to meet all workplace materials handling requirements.

Our goal is to improve your company's OH&S compliance by offering quality equipment at an affordable price. Updating your company's forklift fleet will also improve your overall company efficiency, with less breakdown time from improved reliability and cost efficient servicing.

GT Forklifts operates Australia wide, with offices located in Perth, Melbourne and Brisbane and a dealer network covering all other states and regional areas. No matter where your workplace is in Australia, we have you covered.

SPARE PARTS

A large range of factory approved spare parts are available from our Perth, Melbourne and Brisbane branches. GT Forklifts also have direct factory access to the manufacturer for parts that can be air freighted from overseas the same day. GT Forklifts fully back the equipment we sell.

WARRANTY

An extended Parts and Labour Warranty is offered on all GT Forklifts equipment. This is a part of our complete commitment to the equipment and supporting our customers all the way.

PURCHASE OPTIONS

Whether it's an outright purchase, a long term fully-serviced rental contract, or anything in between, talk to GT Forklifts and see how we can tailor a package to meet your new forklift needs.
